

STRATEGY DRAFT PAPER

DRAFT and reDRAFT at these stages:

1. **DRAFTING:** This is *Quiet-and-Alone Time* for you to think and write. Do not worry about other Traits like Conventions, as that will come later. Just write, write, write! Get all those **IDEAS** in your head onto your paper. Use *REGULAR* pencil.
2. **REVISING:** After you have used the appropriate strategies to improve your traits, reDRAFT *only* the parts you need to above your original DRAFT. Use *GREEN* pencil.
3. **EDITING:** After you have used the appropriate strategies to improve your **CONVENTIONS**, reDRAFT *only* the parts you need to above your original DRAFT. Use *BLUE* pencil.
